G1 / B1 – This entry level of gymnastics introduces new gymnasts to the fundamental skills, concepts, and body shapes.

G2 / B2 - This intermediate/advance level is a continuation of Level 1 elements into more advanced gymnastics skills. At this level our coaches will emphasize strength, flexibility, continued balance development, and new skill introduction. The purpose for each class is to help our athletes learn new things and improve their technique on the skills they already can perform.

TUMBLING CLASSES: The Rowland/Ballard tumbling program offers the most advanced class development and technical instruction. Our technical expertise and unmatched facility / equipment allows our tumblers to advance beyond the basic tumbling levels. Great tumbling technique is the only way to achieve advanced tumbling skills. Our instructors are the very best at challenging students to grow beyond the basic elements and attain the higher tumbling skills needed to compete.
